T8N, R23E, SBBB&M., 2 miles south of Needles on Vidal Junction Rd.

FINDINGS

- A. This facility is an existing (since 1969) 160 acre Class II landfill utilizing the area and trench method of operation. Remaining site life is estimated to be 20 years. This facility receives 18 tons per day of Group 2 and 3 wastes and no salvage operations are conducted. Types of wastes received at the site include:

1. 70% Group 2 - Household, commercial and residential waste.
2. 30% Group 3

Design and operation of this facility are as specified by the Report of Disposal Site Information dated 10-18-78. There will be no significant changes in design or operation in the next five years.

- B. The following documents condition operation of this facility:

1. Rubbish Dump Permit No. 6-0207.
2. California Regional Water Quality Control Board, Colorado River Basin Region: Waste Discharge Requirements No. 72-39.

- C. This facility's design and operation are currently in substantial compliance with State Minimum Standards for Solid Waste Handling and Disposal as determined by physical inspection made on April 6, 1979 except that they violate Sections 17636, 17637, 17638, 17646, 17656, 17678, 17682, 17686, 17701, 17711, and 17731. The Conditions of this permit establish an appropriate schedule for compliance with those Sections.

This permit is granted solely to the operator named above, and is not transferable. Upon a change of operator, this permit is subject to revocation. Upon a significant change in design or operation from that described in this permit or in attachments thereto for the existing design and operation of a facility operating immediately prior to August 15, 1977, or from the approved intended design and operation of a facility which was not operating prior to August 15, 1977, or which herein is granted a permit modification, this permit is subject to revocation, suspension, modification or other appropriate action.

This permit does not authorize the operation of any facility contrary to the State Minimum Standards for Solid Waste Handling and Disposal. This permit cannot be considered as permission to violate existing laws, ordinances, regulations, or statutes of other government agencies.
